

## MECHANICAL ENGINEERING

### POSTGRADUATE SEMINAR TIMETABLE 2016

Unless otherwise stated, seminars are held on **Monday mornings from 11:10 am to ~12:12 pm**, generally in S111.

All seminars will incorporate a 20 minute (maximum) presentation followed by 10 minutes question time. There will be a 2 minute changeover time, and seminars should finish at 12:12 pm.

The school maintains a seminar wikipage with some information that should be useful to students preparing their seminars: <https://wiki.adelaide.edu.au/ecms/index.php/Seminars>

The wikipage may be added to or updated by any students and staff members, so please feel free to add any further details that you feel may be useful to other students. In addition, several exemplars of slides from previous student seminars are available at V:\academic\Postgraduate Seminar Timetable\examplepresentations

Note: The most current version of this timetable can be accessed at: V:\academic\Postgraduate Seminar Timetable

DATE	PRESENTER ONE	PRESENTER TWO	VENUE
